Pride

Pride is something that is quite difficult to explain—we say we take pride in something, or that we are proud of something we have achieved. To define pride, and what makes us proud is something we are going to be discussing with the children and staff team over the next couple of weeks.

Lions are called a pride when they live in a group together, a strong, family unit that works together to make the best life possible for them and their family. I like to think of our Kingfisher family like a pride of lions, working and playing together, keeping the little ones in check to make sure they are on the right track, overcoming any challenges and resting in the sun when the day's work is completed!

We have been taking great pride in different areas of school recently, and have been improving our Year 6 learning areas. We have also redesigned and completely refurbished our KS2 toilets which look amazing

I am immensely proud to be part of our Kingfisher pride, and thank each and every one of our pride for the amazing work we do together.

Mrs Gascoigne x

@Kingfisher_Prim for up to date information about our school community and events. Please note this is our **new**

Jerusalem Challenge

Pupils (and staff) across The Griffin Schools Trust took part in the Jerusalem challenge on Thursday where we came together as a family of schools to dance together and to share in the joy of dance and music. They children did a fantastic job of learning the routine and had fun performing the dance. A big thank you to Mrs Chase-Griffith for putting all our clips together in to one video.

Congratulations

A huge congratulations to Henry (Y5), Holly (Y6) and Isla I (Y4) who have been recognised for their amazing community spirit and their contribution to the environment during the lockdowns. We are incredibly proud of these pupils who have been thinking of others. Well done for being amazing eco-warriors!

B & Q Thank you

We would like to say a huge thank you to B & Q Maidstone, who have kindly donated some compost, flowers, seeds and equipment to support our gardening and to improve our school allotment. We cant wait to get started and the children will really enjoy looking after our allotment and enjoying the fruits and vegetables they we grow. If anyone has any spare gardening equipment at home that they would like to donate—please do speak to Mrs Brightman.

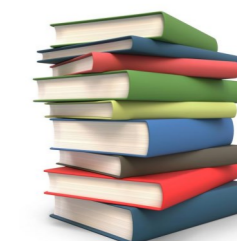

Morrison's

We have been very busy with our green fingers this week! Some ladies from Morrison's came to work with children in every year group to dig over areas and to plant new seeds. The children had great fun learning about how the seeds will grow and how we will need to look after our new flowers. A big thank you to Morrison's for their time and support this week and we look forward to welcoming them back soon.

Book Recommendations

We are looking at revamping our reading culture and we would be really interested to hear about the books that your children enjoy reading. Can you please email the office or message your child's class teacher on Edmodo with any book recommendations.

Weather

While the weather is forever changing at the moment please ensure your child has a sun hat in school and if it is going to be hot please apply sunscreen before they come to school. Please also ensure your child has a water bottle (filled with water) in school every day.
